

PROPOSED FIREWOOD RULES

The following rules for firewood removal will be strictly enforced by the Sunridge Association:

1. Firewood is defined as: dead or downed trees.
2. Firewood can be removed from individual lots for personal use while at Sunridge and for home personal use.
3. Firewood can not be used for commercial use or sold for personal gain.
4. Firewood cannot be removed from common areas without specific written authorization from the Sunridge Board.
5. Sunridge board will identify areas of firewood clean up. Firewood removed from the clean-up areas will be stockpiled for Sunridge Property Owners use while staying at Sunridge. This stockpiled wood cannot be removed from the Sunridge Boundaries.
6. Responsibility remains with the lot owner to maintain adequate safe fire lines by removing brush and diseased trees for safety of structures.
7. Clearing of dead and diseased trees are also the responsibility of lot owners within their property boundaries.
